What we are

We are a Canadian licensed custom brokerage company. We are a flexible and independent custom broker house in Canada. We provide personalized service that matching the unique custom requirement of importing.

We are authorized by CBSA to collect and remit all the taxes and duties to the government behalf of our client due to their importing. This is our guarantee to our client that our client will receive complete set of document after submit the custom entry to the CBSA by e-mail or fax.

We are the member of the Canadian Society of Customs Brokers. We are known as most respective custom broker organization in the Canadian international trade community.

What we do

01. Commercial shipments support

We support our business customer to complete their commercial import and export with high quality support. Even our customer can calculate the brokerage fee by brokerage fee calculator and this will help our customer to find out the actual custom fees and taxes regarding their imported or exported goods.

02. Personal shipment support

NAFTA zone (the USA and Mexico) made goods are exempt from Canadian custom duties but Canadian custom require GST (5%) and PST on the product value that comes from the other country. As we are the licensed custom broker, so we are authorized to collect the taxes and remit the fund to the government against the imported product behalf of our client

03. Vehicles importing support

*We prepare Customs release package **including RIV form 1** and organize border crossing with the vehicles carrier. Arrange payment to all duties and taxes to Canadian custom. You will need \$50 extra if you want to submit 72 hour notice to US custom.*
